

Touristic Resorts & Hotels

About **Proyeco**

We have been providing for 35 years a wide range of integrated services in Architecture, Installations, Urban Planning, Development and Promotion, Construction, Consultancy, Project Management, Energies and Environment including Civil and Building projects.

We base our work on the ISO 9001, ISO 14001, ISO 45001 and UNE 166002 standards, in which we are certified. Our constant technological innovation has allowed us to obtain the INNOVATIVE SME Seal from the Ministry of Science and Innovation of Spain.

In addition, we have voluntarily adhered to the EMAS III regulations and to "The Global Compact" of the United Nations.

Mission & Values

Born with the vocation of customer´s service

We provide engineering and architectural services to our clients, with a practical and functional approach adapted to the project needs.

OUR MISSION

To make your project ours
Growing while maintaining our essence and integrating borders is our priority

We offer our clients the global vision they need, and we provide the best quality service thanks to our teamwork, technical expertise, global vision and excellent client relationships.

OUR VALUES

Commitment, integrity & sustainability
These three values are the basis of our company's philosophy. They are present in our daily life as we provide quality services and achieve excellence with our customers, suppliers, and employees.

Corporate Responsibility

OUR COMMITMENT

Our commitment: Social Responsibility,
Quality Management, the Environment
and Safety and Health at Work

ONU Global Compact

As part of our corporate culture, we have been renewing our commitment to the Global Compact annually, since 2011. This commitment implies our support of the ten principles related to human rights, workplace, environment, and fight against corruption, and spreading it among all its stakeholders, customers, suppliers, and workers, in addition, to collaborate in social development projects, with different foundations and administrations.

Sustainable Developments Goals

Our commitment to sustainability is reflected by achieving the Sustainable Development Goals (SDG). These United Nations objectives, require the active involvement of companies, and we, through our projects and CSR activities, contribute to key objectives related to gender equality (n° 5), water (n° 6), energy (n° 7), sustainable communities (n° 11) and ecosystem (n° 15).

Touristic Resorts & Hotels

Our knowledge in Hotels and Touristic Resorts Infrastructures is granted by the different projects developed in the past. PROYECO has acquired a great experience in this area, designing and constructing different typologies.

We offer current and modern designs combining comfort and functionality, in which we incorporate eco-efficiency and environmental sustainability criteria, based on analysis of trends and on social and cultural changes of each place, to achieve balance and harmony with the environment.

Absolute respect and integration are our main purposes. Our designs include urban and gardening proposals that complement the whole idea of development. Present and future maintenance is fundamental to transform our ideas into realities
