

Malls & Commercial Parks

About **Proyeco**

We have been providing for 35 years a wide range of integrated services in Architecture, Installations, Urban Planning, Development and Promotion, Construction, Consultancy, Project Management, Energies and Environment including Civil and Building projects.

We base our work on the ISO 9001, ISO 14001, ISO 45001 and UNE 166002 standards, in which we are certified. Our constant technological innovation has allowed us to obtain the INNOVATIVE SME Seal from the Ministry of Science and Innovation of Spain.

In addition, we have voluntarily adhered to the EMAS III regulations and to "The Global Compact" of the United Nations.

Mission & Values

Born with the vocation of customer´s service

We provide engineering and architectural services to our clients, with a practical and functional approach adapted to the project needs.

OUR MISSION

To make your project ours
Growing while maintaining our essence and integrating borders is our priority

We offer our clients the global vision they need, and we provide the best quality service thanks to our teamwork, technical expertise, global vision and excellent client relationships.

OUR VALUES

Commitment, integrity & sustainability
These three values are the basis of our company's philosophy. They are present in our daily life as we provide quality services and achieve excellence with our customers, suppliers, and employees.

Corporate Responsibility

OUR COMMITMENT

Our commitment: Social Responsibility,
Quality Management, the Environment
and Safety and Health at Work

ONU Global Compact

As part of our corporate culture, we have been renewing our commitment to the Global Compact annually, since 2011. This commitment implies our support of the ten principles related to human rights, workplace, environment, and fight against corruption, and spreading it among all its stakeholders, customers, suppliers, and workers, in addition, to collaborate in social development projects, with different foundations and administrations.

Sustainable Developments Goals

Our commitment to sustainability is reflected by achieving the Sustainable Development Goals (SDG). These United Nations objectives, require the active involvement of companies, and we, through our projects and CSR activities, contribute to key objectives related to gender equality (n° 5), water (n° 6), energy (n° 7), sustainable communities (n° 11) and ecosystem (n° 15).

Malls & Commercial Parks

Malls & Commercial Parks need to combine the functionality of a workspace with the expectations that the potential clientele expects of their business, without forgetting the corporate design of the brand that offers their products.

The comfort access, the spacious and luminous areas, thermal and acoustic comfort are some of the most important premises to consider in the design and implementation of such projects.

PROYECO studies in detail each requirement of the spaces that make up the trades, the work cycles and the productivity optimization, and integrates them into the final project to provide a current, efficient and optimal development both technically and economically.

Some of our most representative projects are "Las Mercedes Open Park" in Madrid, "Megamall" Business Park in Panama, "Ciudad del Automóvil" in Jaén, "Bowling" Shopping Center in Linares, etc.
